

Thank you for examining a Pearson product!

In the event that you do not select this text or other Pearson materials for your course, and if you do not intend to consider them for future courses, please use this pre-paid mailing label to return the items to us free of charge. (Note, this label can only be used to return free instructor resources; it cannot be used to return merchandise that you have purchased.)

Doing so will enable us to send these products to other faculty for consideration or as desk copies, and will play a role in containing the costs of higher education textbooks for your students.

If you wish to examine or order additional Pearson products, please contact your Pearson representative. If you don't know who your Pearson representative is, you can find your rep at www.pearsonhighered.com/replocator.

We appreciate your cooperation. Thanks, again, for considering Pearson products for your course needs.

Instructions for Using Return Label

1. Put product(s) to be returned into a box or envelope.
2. Print this page at 100% size on white or light-colored paper. **Make sure "Shrink oversized pages to paper size" is UNCHECKED in your print settings, and do not print on brilliant-colored paper.**
3. Cut out label on dotted line and affix it squarely onto the address side of the parcel, covering up any previous delivery address and barcode without overlapping any adjacent side. If tape or similar material is used, it must not cover any part of the label where postage and fee information is to be recorded.
4. Obliterate any other addresses and barcodes on the outside of the parcel.
5. Take the parcel to a post office or give it to a postal carrier.
