Updates to Registration and Access

Experience Smooth Enrollment Periods

Students are now presented with their purchase options on the homepage, making it easier to get enrolled and working in their course.

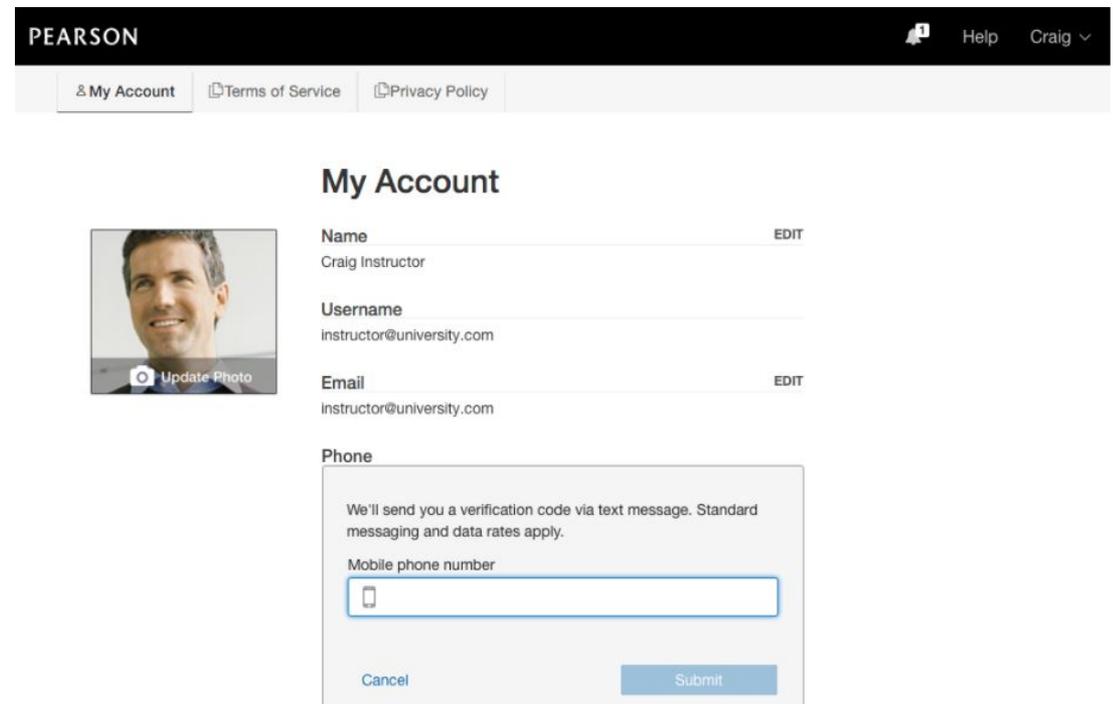

Students can redeem an access code, purchase online access, or enter a 14-day temporary access period if they are waiting for financial aid.

Don't Fret Over Forgotten Passwords

Forgot your password?

You and your students now have the option to add your mobile phone to your Revel account. This allows you to get a password reset link texted to you, reducing the need to contact support for password concerns.

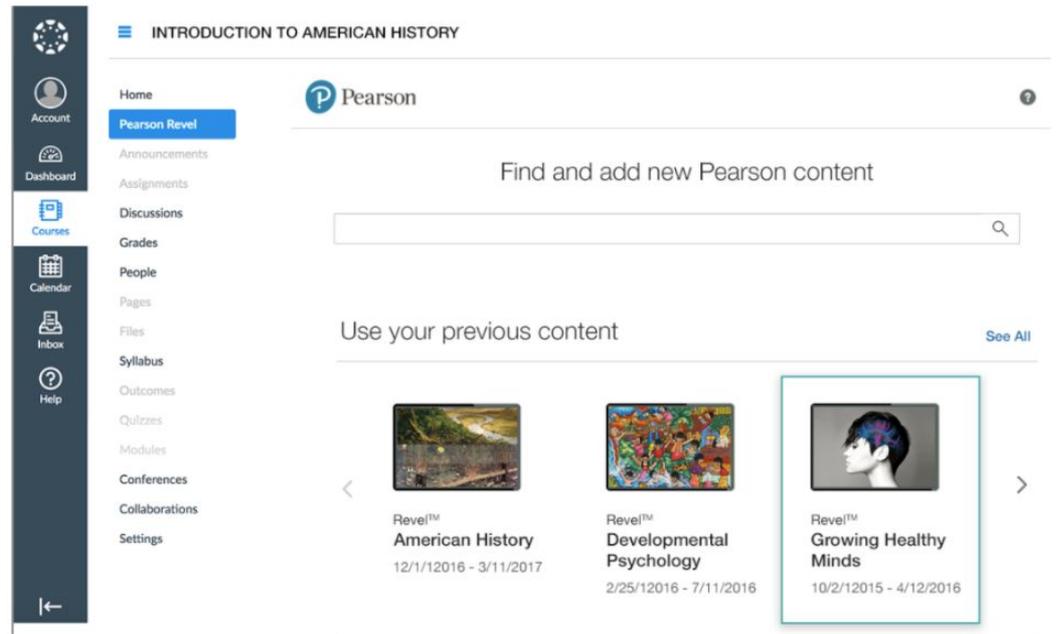

The screenshot shows the Pearson website's 'My Account' page. At the top, there is a navigation bar with the Pearson logo, a notification bell, and a user profile 'Craig'. Below this is a secondary navigation bar with links for 'My Account', 'Terms of Service', and 'Privacy Policy'. The main content area is titled 'My Account' and features a profile picture of a man with an 'Update Photo' button. To the right of the photo are fields for 'Name' (Craig Instructor), 'Username' (instructor@university.com), and 'Email' (instructor@university.com), each with an 'EDIT' link. Below these is a 'Phone' section with a text box for a mobile phone number and a 'Submit' button. A note above the text box states: 'We'll send you a verification code via text message. Standard messaging and data rates apply.'

Copy Integrated Blackboard and Canvas Courses

You can now copy integrated Blackboard or Canvas courses.

This is a simple process that allows you to copy an integrated Revel course, from semester to semester or for multiple sections within the same semester.

The screenshot displays the Pearson Revel interface for a course titled "INTRODUCTION TO AMERICAN HISTORY". On the left is a dark sidebar with navigation icons for Account, Dashboard, Courses, Calendar, Inbox, and Help. The main content area features a search bar with the text "Find and add new Pearson content" and a search icon. Below the search bar, there is a section titled "Use your previous content" with a "See All" link. Three course cards are shown: "Revel™ American History" (12/1/2016 - 3/11/2017), "Revel™ Developmental Psychology" (2/25/2016 - 7/11/2016), and "Revel™ Growing Healthy Minds" (10/2/2015 - 4/12/2016). The "Growing Healthy Minds" card is highlighted with a light blue border.

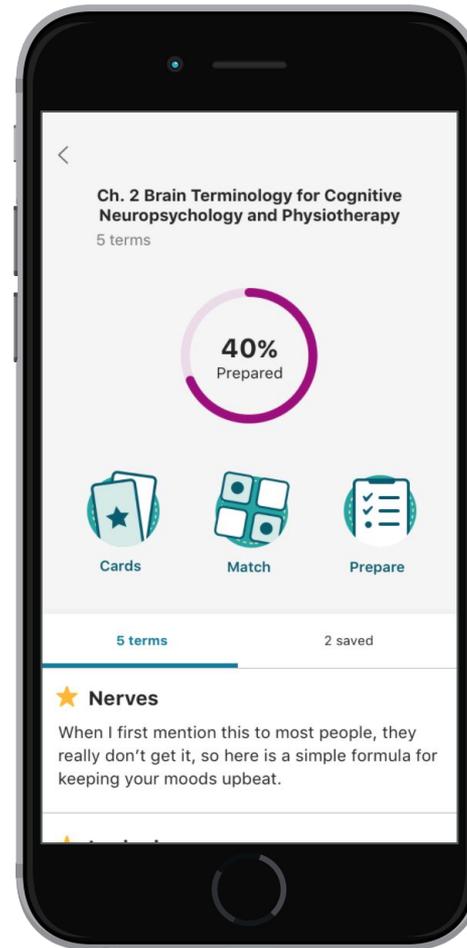

New Features in the Revel app

Personalized Studying

Study Tools are now personalized to help students make even more of their study time.

Once a student answers a vocabulary term correctly enough times to demonstrate understanding, the term will stop appearing.

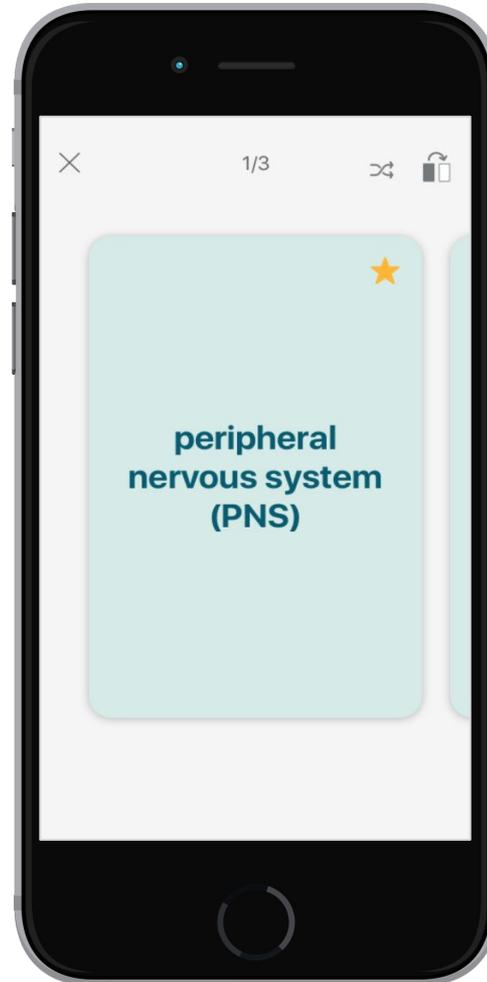

Additionally, activity types will automatically progress in difficulty so that students move from flashcards to fill-in-the-blank when they are ready.

Streamlined Studying

Using the Revel app, students can create smaller vocabulary flashcard decks that can be used whenever they have a free moment.

To create the decks, students simply favorite their desired terms. Then, they can choose to practice the complete list of terms or the shortlist.

Assignment Filters

Better Organize Your Course

New assignment filters help you better organize your course.

With **unpublished** assignments, you can now sort by date, undated or date assignments, and publish in bulk.

With **published** assignments, you can sort by date and hide past due assignments to simplify your view.

The screenshot displays the 'Manage Assignments' interface in the Pearson LMS. The top navigation bar includes the Pearson logo, a version dropdown set to '8.0.0', a search bar, and a user profile icon. Below the navigation, there are buttons for '+ Select Content' and 'Course Settings'. The main content area is titled 'Manage Assignments' and includes 'Manage' and 'Preview' links. Two filter tabs are visible: 'Unpublished' (highlighted in yellow) and 'Published' (highlighted in green). The 'Unpublished' filter shows a table of assignments with columns for selection, date, status, points, and actions. The table lists two assignments: 'September 08' (100 points) and 'September 09' (75 points), both marked as 'PAST DUE'. The 'September 09' assignment has a sub-item '1: The Sociological Perspective'. The 'Published' filter shows a table with one assignment: 'August 31' (9 points), also marked as 'PAST DUE', with a sub-item '1: The Sociological Perspective'. Two blue arrows point to the 'Show All' dropdown in the 'Unpublished' filter and the 'Hide Past Due' button in the 'Published' filter.

Filter	Sort	Show	Set Due Date	Move to	Delete	Action
Unpublished	↑ Sort by Date	Show All	📅	📅	🗑️	Publish
<input type="checkbox"/> Select All						
<input type="checkbox"/> September 08			PAST DUE			100 points
New MediaShare Task						
<input type="checkbox"/> September 09			PAST DUE			75 points
▶ 1: The Sociological Perspective						
Published	↑ Sort by Date	Hide Past Due	📅	📅	🗑️	Unpublish
August 31		PAST DUE				9 points
▶ 1: The Sociological Perspective
