Coming Soon: Enhancements to your Revel course

What's Inside?

4 Registration and Access Updates

8 Reporting Enhancements

11 New Features on the Revel App

13 Streamlined Navigation

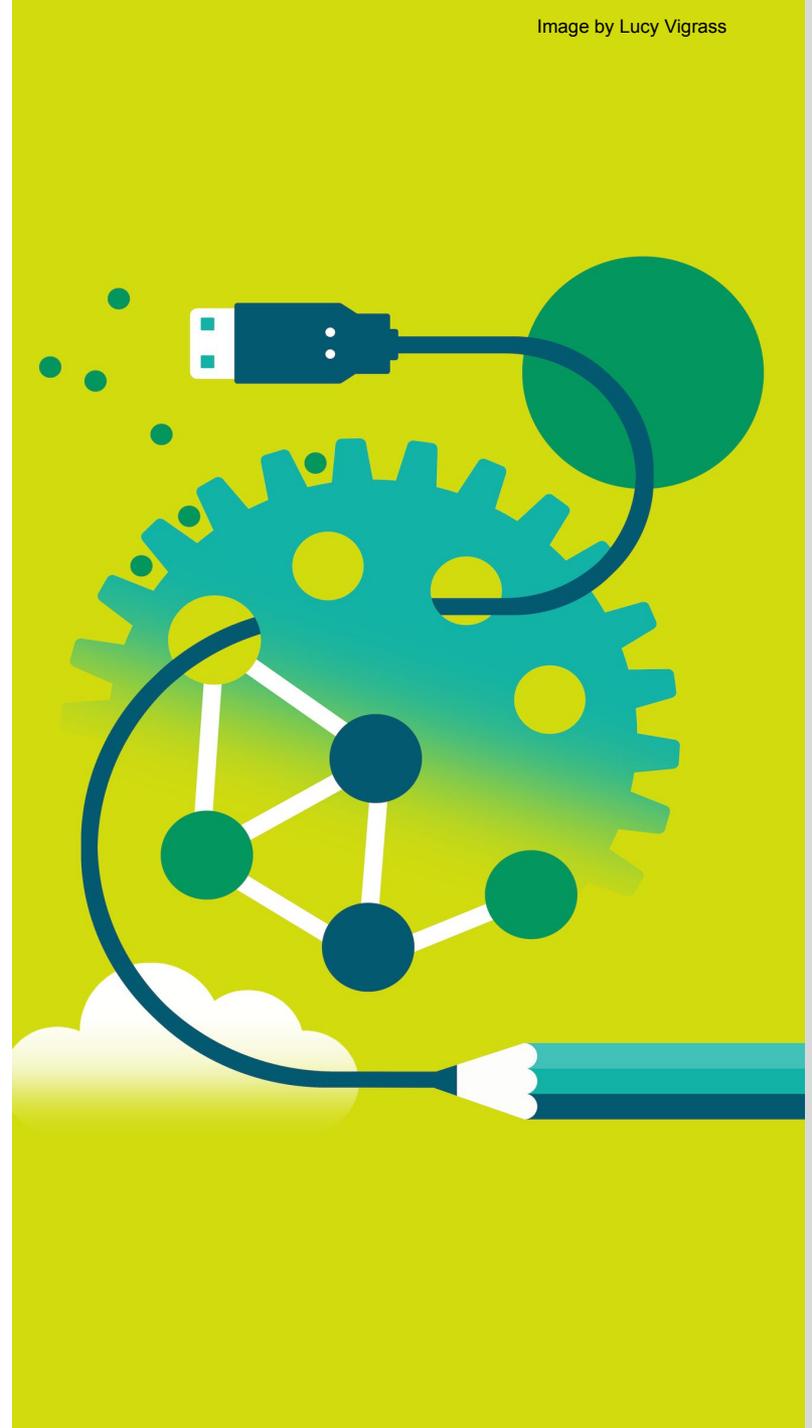

Registration & Access

Registration and Access

Canvas Integration:

Revel enables students to read, practice, and study in one continuous experience—now directly accessed from their Canvas course. The Revel app will be added to the Canvas App Store in July; then, you can quickly and easily add Revel to your Canvas shell.

For more details, please contact your local rep.

Registration and Access

Updated Blackboard Grade Sync:

Instead of waiting for an assignment's due date to pass before syncing to Blackboard, you can now sync *upcoming* Revel assignments to allow for complete set up at the beginning of the semester.

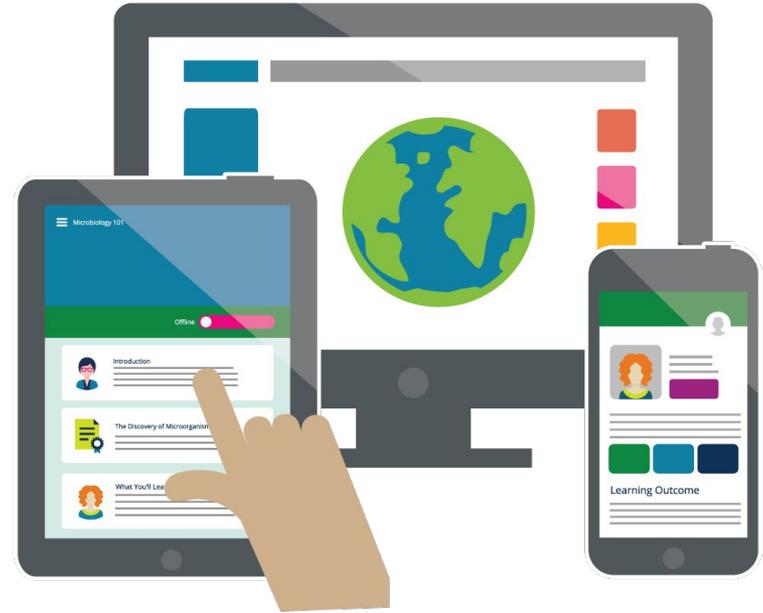

Registration and Access

Digital Direct Access

Digital Direct Access (DDA) to Revel ensures all students have access to their Revel course from the first day of class at an affordable price. Students at participating classes or schools have the cost of Revel added to their school bill, and Revel can be accessed via a Learning Management System or independently.

To inquire about delivering Revel through Digital Direct Access, contact your local rep.

Review Student Responses

You now have the ability to review *individual* student responses to questions on end-of-module and end-of-chapter quizzes for even greater insight into student performance.

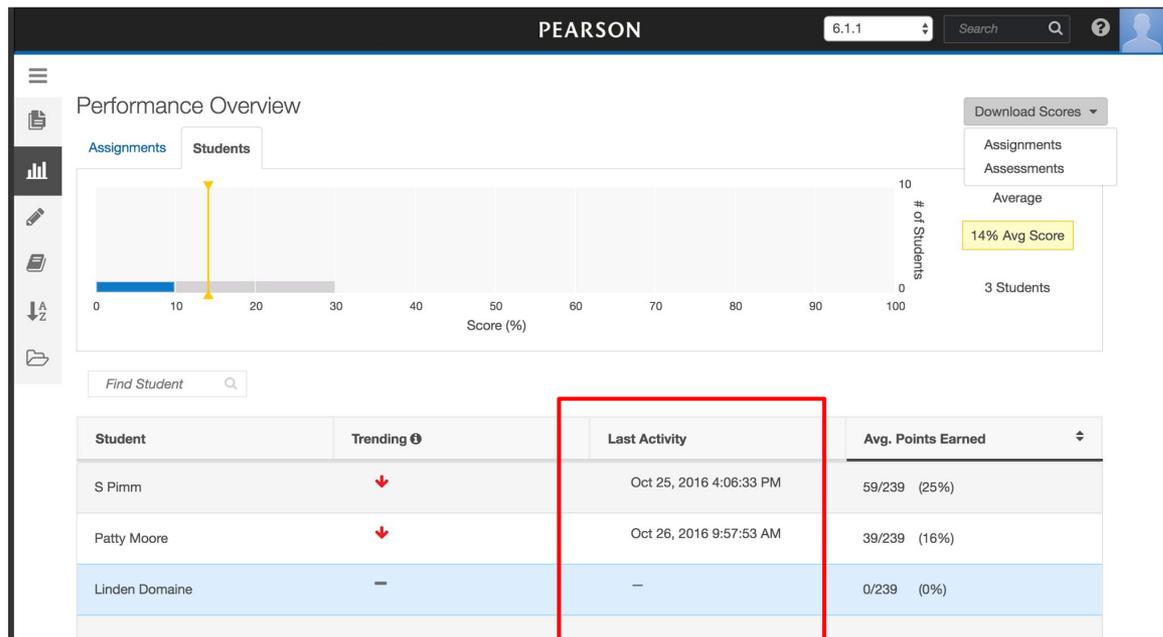

The screenshot displays a quiz interface for a student named Marisa. The title is "Marisa Student: Quiz: 2.6 Technology in the Global Village". A yellow banner indicates "Marisa Student earned 5 out of 12 points." and "Question 1 of 4". The question is worth 2 points and asks: "Which of the following highlights the relationship between cultural leveling and globalization?". The selected answer is "Globalization and cultural leveling are both byproducts of multiculturalism.", which is marked incorrect with a red 'X'. Other options include "Globalization has helped reduce the effects of cultural leveling.", "As we see the broad reaches of globalization, we can see a cultural leveling taking place all around the world.", and "Cultural leveling is an active resistance to globalization.". A "Try Again" button is visible below the question. A summary table on the right shows "Points Earned 5/12pt" and a list of attempts for each question.

Points Earned	5/12pt
1	✓ 2nd Attempt 2 pts
2	⊗ 3rd Attempt 0 pts
3	✓ 1st Attempt 3 pts
4	⊗ 3rd Attempt 0 pts

Reporting Enhancements

Last Activity Data

To showcase the authentic student engagement Revel encourages, you will now see Last Activity data instead of Last Login data. Activity can include navigation through content pages, assessment, the performance dashboard, or Table of Contents; or activity in essays, shared media activities, or simulations like MyVirtualChild.

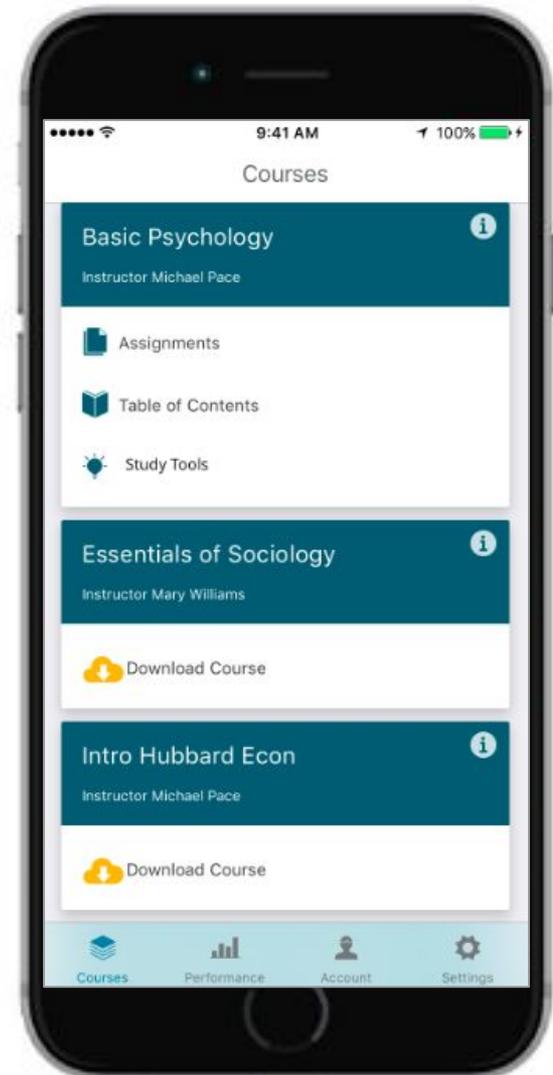

The Revel App

The Revel App

New Study Tools

Revel study tools, available exclusively through the app, empower students to study anytime, anywhere.

For every chapter, students can choose to study key concepts from flashcards, matching games, and fill-in-the-blank or multiple choice practice quizzes. Progress is displayed after each activity to encourage continued engagement with the material.

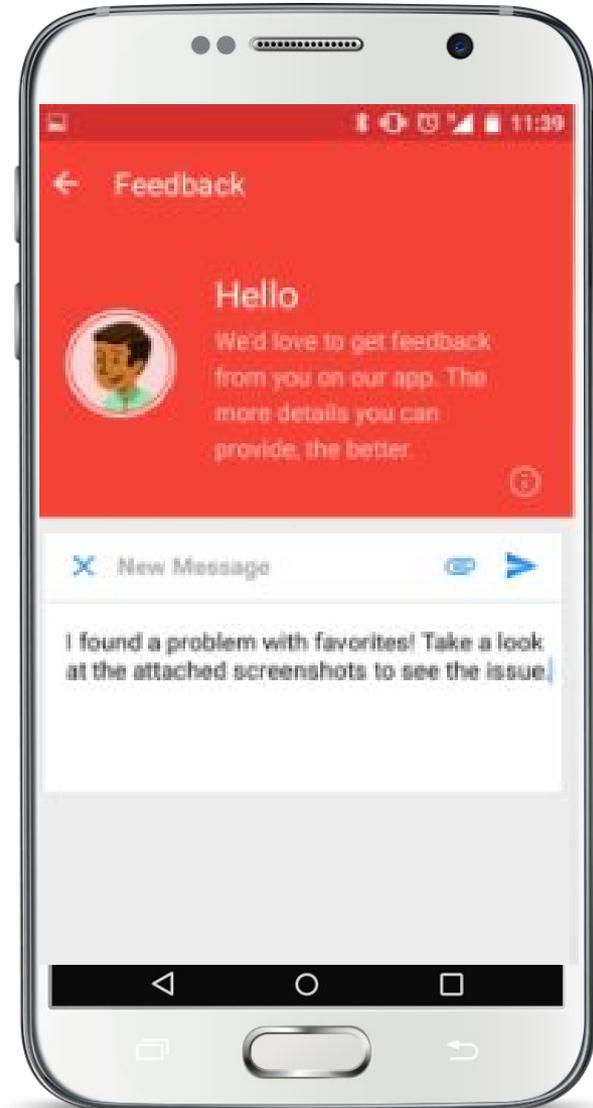

The Revel App

Customer Engagement Feature

The Revel app will include a new customer engagement tool that lets students provide feedback on their experience without leaving the app.

Students can rate the Revel App, report problems that will flow directly to Customer Support, and receive notifications about new features— all while working.

Enhanced Access to Student Profiles

Faster access to student profiles in the performance dashboard lets instructors view performance data and trends more quickly. They can easily scan for individual student performance or compare students across coursework to date.

The screenshot shows the Pearson Performance Overview dashboard. At the top, there is a navigation bar with the Pearson logo, a version number (6.1.1), a search bar, and a user profile icon. Below the navigation bar, the page title is "Performance Overview". The main content area features two dropdown menus: "October 26 Assignment" and "Pimm, S". Red arrows point to the right and left navigation arrows between these dropdowns, with a red text box stating "Use these arrows to page between students or assignments". Below the dropdowns, there is a table with columns for "Detail", "Time", and "Points Earned". The table lists the following items:

Detail	Time	Points Earned
11: Stress and Health		49/53 (92%) ⓘ
Introduction: Stress and Health	—	—
▸ Stress and Health, and Cognitive and Personality Factors in Stress	—	15/18
▸ Coping with Stress	—	14/15
Applying Psychology to Everyday Life: Becoming More Optimistic	—	—
▸ Shared Writing: Stress and Health	0s	—
